Dear Tom,

On behalf of football program at Monroe Woodbury, I would like to thank you for introducing our program to this spectacular fundraising opportunity for the Trip of a Lifetime. It truly was exciting to conduct the raffle and to talk with many people who purchased tickets as they were excited about the possibility of going to the Super Bowl, Hawaii or even just the cruise.

We combined your raffle with our end of the season football banquet in December where over 250 people attended. Our winner was a mother of one of our varsity football players. Our player thought he was Super Bowl bound but mom opted for the cruise with her husband.

I thought that we had done only a so-so job of promoting the raffle. We raised over \$5,000.00 in just over two weeks. Now that we realize how good the raffle can be we expect to double that next year. It really helped the cause when the player's mom won because now everyone has a better understanding and the enthusiasm level is very high. I would recommend this fundraiser to anyone.

We are looking forward to doing it again next year and years to come. Thank you again.

Sincerely
